Onderwerp: Request for Approval to Use Your Quote about The Cover-up General

Dear Vice-President Duraković,

I hope this message finds you well. My name is Edwin Giltay, and I am the author of the book **The Cover-up General**, which investigates the role of Dutch intelligence in covering up evidence of war crimes in Srebrenica. I am writing regarding a statement you made during a personal meeting with Omer Edo Hadrović and myself in my hotel in Srebrenica on July 12, 2017. At the time, you expressed an interest in reading the book in English.

I am currently promoting the English edition to raise awareness about this Srebrenica cover-up. Your statement is valuable as it reflects international interest in the book's message. I would like to include it in promotional materials, such as on the website thecoverupgeneral.com, as follows:

"I want to read **The Cover-up General** in English."

— Čamil Duraković, then organizer of the Srebrenica commemoration and currently Vice-President of Republika Srpska, during a personal meeting in Srebrenica, July 12, 2017

While I am legally permitted to use this quote, I deeply value your consent, given your current office and the sensitivity of the subject. If you have any objections or would prefer a revised version, I would be grateful to hear from you. Your support for this initiative would mean a great deal, and I sincerely thank you for your consideration.

Please note that **The Cover-up General** is a non-commercial publication. The English PDF version is freely available at dedoofpotgeneraal.nl/book.pdf, should you or your team wish to review it. I would also be happy to send you a printed copy if preferred.

For any questions or further discussion, please feel free to contact me.

Sincerely,
Edwin Giltay
Author of **The Cover-up General**
